HOW TO USE AND CARE FOR YOUR KN95 MASK

How Do I Wear My KN95 Mask?

- Wash your hands before putting on and immediately after taking off your KN95 mask
- Holding the ear loops, place the mask over your face, with the bottom below your chin and the nosepiece up
- Place the straps (ear loops) of the mask over each of your ears
- Adjust the metal nose clip using fingers from both hands to mold the clip to the shape of your nose
- Adjust fit as necessary to reduce air flow around the mask
- Do not use if it is hard to breathe while wearing it
- Do not use with other masks or respirators
- Inspect the mask for any damage, tears, loose straps, etc., especially before reuse
- Please note: KN95 masks are not approved by NIOSH for respiratory protection in areas that require use of respirators as PPE, i.e. clinical areas treating COVID patients.

How Do I Care for My KN95 Mask?

- With proper care, your KN95 should be reusable for a limited number of times depending on use
- Keep clean between uses and store in a safe location. A dry paper bag works well for storing your mask
- Do not get wet, store in direct sunlight or subject to excessive heat

When Should I Replace My KN95 Mask?

- When it becomes wet or dirty
- When it no longer covers the nose and mouth
- When it has stretched out or has damaged ties or straps
- When it cannot stay tight on the face
- Has holes or tears in the fabric
